

A CME Teaching Activity

Classic Lectures in Pathology: What You Need to Know

Pancreatobiliary Pathology

Release Date: April 15, 2019 | 2.75 AMA PRA Category 1 Credit(s)TM

About This CME Teaching Activity

This CME Activity offers a practical review of pancreatobiliary pathology combining basic to advanced techniques, pearls and pitfalls to pathologic diagnosis and case reviews.

Target Audience

This CME activity is intended and designed to educate pathologists.

Scientific Sponsor

Educational Symposia

Accreditation

Physicians: Educational Symposia is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Educational Symposia designates this enduring material for a maximum of 2.75 AMA PRA Category 1 Credit(s)TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

All activity participants are required to take a written or online test in order to be awarded credit. (Exam materials, if ordered, will be sent with your order.) All course participants will also have the opportunity to critically evaluate the program as it relates to practice relevance and educational objectives.

AMA PRA Category 1 Credit(s)TM
for this activity may be claimed until April 14, 2022.

This CME activity was planned and produced by Educational Symposia, a leader in continuing medical education since 1975.

This activity was planned and produced in accordance with the ACCME Essential Areas and Elements.

Educational Objectives

At the completion of this CME teaching activity, you should be able to:

- Identify the subtle histomorphologic features that can help to distinguish well-differentiated ductal adenocarcinoma from the reactive changes in the pancreas.
- Describe the anatomic/histologic compartments of the ampulla and their significance in the versatility and subclassification of ampullary cancers.
- Evaluate new concepts in terminology and histologic grading of pancreatic neuroendocrine tumors.

No special educational preparation is required for this CME activity.
